

Robank Diversify

Robank Feeds

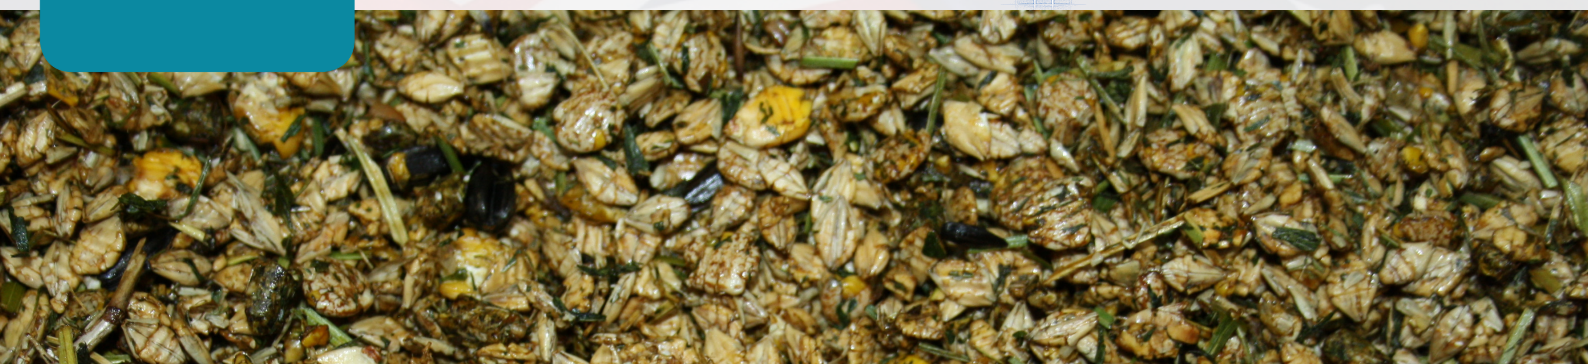

- Robank Diversify has been formulated specifically for horses that are in use for pleasure, show and sport horse disciplines.
- Robank Diversify is a high fat, oat free sweet feed that contains micronized grains, oils and fibre to provide a highly digestible feed with cool energy. The addition of Molafos Gold[®] and the micronized grains helps the feed to be highly palatable to the horse when under the stress of competition.
- Robank Diversify uses fully fortified mixer pellets, which contains a proprietary blend of organic trace minerals, digestive aids and protein sources to enable your horse to maximise these important nutrients without them being sifted out as is the case with loose vitamins and minerals.
- Robank Diversify uses cold pressed canola oil to give a cool energy source in the feed and help maintain coat condition for show and performance.
- Robank Diversify is a fully fortified feed so no additional additives are required when fed as directed.

KEY FEATURES:

- **Convenient formulation, no need to mix or add other feeds**
- **High in fat using cold pressed canola oil for a cool source of energy**
- **Contains Robank Custom Micronizer Pellets – providing high quality proteins, Bioplex[®] minerals, organic selenium and digestive aids Bio-Mos[®] and Yea-Sacc[®] (for improved fibre digestion and immune function)**
- **A unique blend of Equi-nize grains, fibres and protein sources giving the feed its desired performance across a range of disciplines**
- **Ideal for horses on light exercise to competition**

INGREDIENTS:

Robank Equi-**NIZE**[®] Barley Flakes, Robank Equi-**NIZE**[®] Lupin Flakes, Robank Equi-**NIZE**[®] Mixer Pellets (Protein, Organic Trace Minerals, Digestive Aids, Vitamins), Molofos Gold[®], Robank Equi-**NIZE**[®] Maize, Lucerne Chaff, Cold Pressed Canola Oil, Sunflower Seeds, Salt, Limestone, Natural Flavouring.

Robank Diversify

FEEDING DIRECTIONS

Robank Diversify can be fed at the following rate:

Horse Light work	2 - 3kg per day
Horse Medium work	3 - 4kg per day
Horse Medium / Heavy work	3 - 5kg per day
Horse Heavy / Intense work	4 - 6kg per day

As Robank Diversify is a fully fortified complete feed no other source of protein, minerals and vitamins need to be added. Do not feed more than the recommended rate. If more calories are needed you may add additional oil. Feed with good quality forage and/or hay. In hot weather for horses in work an electrolyte is recommended (QUENCH), also a straight salt lick or 30gms of plain salt. Feeding amounts may vary with age, exercise and body condition. As with all feed changes, introduce Diversify gradually over a 7-14 day period.

TYPICAL ANALYSIS - Fresh Weight

Crude Protein	13%
Fibre	7.5%
Fat	8%
Calcium	0.9%
Phosphorus	0.5%
Manganese	140ppm
Zinc	149ppm
Iron	264ppm
Copper	50ppm
Iodine	1.1ppm
Selenium (organic)	0.6ppm
Vitamin E (natural)	450 IU/KG

Contains digestive aids Bio-Mos® and Yea-Sacc®
