

COOL CALORIES®

EQUINE DRY FAT
SUPPLEMENT

Calm, Focussed Energy

& the calories to improve body condition & weight gain.

Cool Calories® is a concentrated energy supplement suitable for all types of horses. **Cool Calories®** provides essential fatty acids for skin and hair condition, as well as the calories needed for weight gain and exercise performance.

Cool Calories® contains 5 times the fat of an equal amount of stabilised rice bran and does not conflict with fortified feeds.

Available in 3kg & 15kg

COOL CALORIES®

EQUINE DRY FAT SUPPLEMENT

FEEDING INSTRUCTIONS:

Feed **Cool Calories**® mixed into the grain portion of the diet at the rate of 2-4 scoops per horse per day.

Larger volumes (3-8 scoops) can be fed to underweight performance horses undergoing intense training.

Gradually introduce **Cool Calories**® into the diet over a two week adaption period. If loose stools should occur, decrease the amount of **Cool Calories**® being fed until the horse properly adapts to the diet.

Includes scoop that measures approximately 20g of Cool Calories

GUARANTEED ANALYSIS:

Crude fat, min 99%

Total fatty acid, min 95%

Free fatty acids, max 1%

Unsaponifiable matter, max 1.5%
