

Equi-NIZE[®]

Micronized Robank Race

- Robank Equi-**NIZE**[®] Race is a scientifically formulated complete feed designed for horses that require a high energy diet.
- Robank Equi-**NIZE**[®] Race utilizes the latest technology of micronizing to cook the grains and change the starch structure, this combined with quality ingredients makes a feed that is highly palatable and digestible for the horse.
- Robank Equi-**NIZE**[®] Race contains a highly fortified mixing pellet that has all the vitamins and trace minerals as well as digestive aids Yea-sacc[®] and Bio-mos[®] included in the feed. This ensures maximum utilization of these important nutrients by the horse by eliminating separation of them in the feed.
- Robank Equi-**NIZE**[®] Race uses beet pulp, a super fibre which is a soluble fibre and highly digestible, it is a good source of digestible energy for the horse.
- No additional vitamins & minerals to be added unless advised by nutritionist or veterinarian.
