

• Robanks Pro-Gold has been specifically formulated for Racing, Sport & High Performance horses that require a high calorie diet without oats.

• Robanks Pro-Gold is a non-oat feed utilising high fat and fibres to give energy for performance without the fizz associated with oats. In addition Pro-Gold utilizes the latest technology of micronizing to cook the grains in the feed and change the starch structure in the grain, this combined with quality ingredients makes a feed that is highly palatable and digestible to the horse.

• Robank Pro-Gold contains a highly fortified mixing pellet that has all the vitamins and bioplex minerals as well as the digestive aids Yea-sacc[®] and Bio-mos[®] included in the feed. This ensures maximum utilization of these important nutrients by the horse by eliminating separation of them in the feed.

• Robank Pro-Gold uses beet pulp, a super fibre which is a soluble fibre and highly digestible, it is a good source of digestible energy for the horse's diet.

KEY FEATURES:

• Includes Bioplex[®] minerals (zinc, copper and manganese) for maximum absorption and retention which aids in healthier hooves, bone and cartilage repair.

• Utilises beet pulp and fat for a cooler energy source for sustained energy.

• Yea-sacc[®] and Bio-mos[®] to improve fibre digestion and help enhance immune function.

INGREDIENTS:

Robank's Micronized Mixer Pellets (which includes Vitamins & Minerals, Di-Calcium Phosphate, Calcium Carbonate, Yea-Sacc[®], Bio-Mos[®], Natural Vitamin E, Sel-Plex[®], Lysine, Methionine) Robank Equi-**NIZE**[®] Lupin Flakes, Robank Equi-**NIZE**[®] Maize Flakes, Robank Equi-**NIZE**[®] Barley Flakes, Molofos Gold, Beet Pulp, Sunflower Seed, Vegetable Oil, Flavouring
